

Friends of the Port Neches Public Library

The organization, Friends of the Port Neches Public Library, was formed by a group of Port Neches residents interested in taking an active part in the improvement of library facilities and services. They are dedicated to maintaining a friendly association of persons interested in books and libraries; supplementing public monies through the stimulation of gifts, endowments and bequests; and taking the lead in improvement of library services and resources. The Port Neches Library serves people in all walks of life and circumstance. The Friends are aware of the value of the library to the community and are advocates in strengthening its resources and programs.

The services of the Friends organization fit into three broad categories: fundraising, service to the community and service to the library.

As a Friend, you may be as active as you choose, using your special interests while being of service to your community.

Meetings: Annual meeting 1:30 PM on the 2nd Tuesday of September. Other meetings scheduled as needed.

Application for Membership

Name: _____ Telephone # _____

Address: _____

Email Address: _____
